

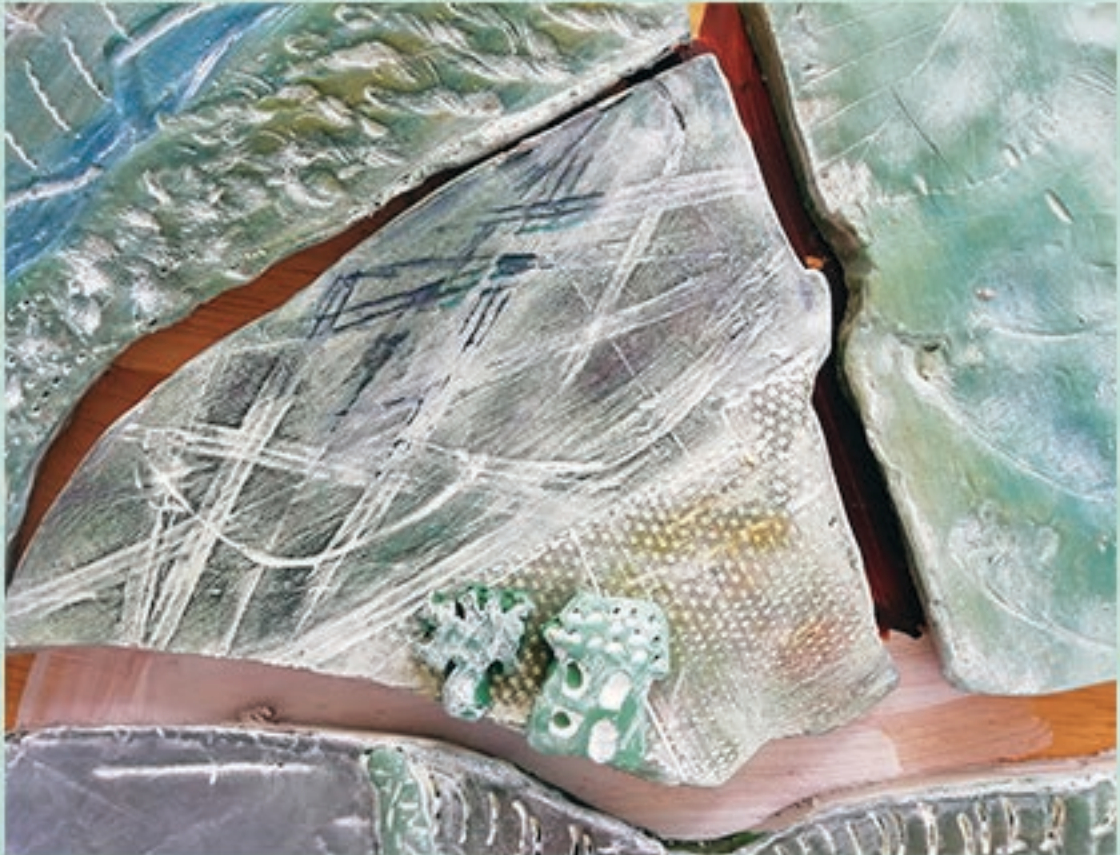

Mapping Grantstown

Community Project

Saturday 6th October 2018 at 2.30pm
in Grantstown Church, Grantstown Daycare Centre, Wellingtonbridge

Grantstown Daycare Centre would like to invite you to a presentation event of a collaborative work created by the residents and guests of the Centre and to an exhibition of smaller art works that led to its completion.

For 12 weeks over the summer months, artists Nick Jarman and Pavlina Kubelkova conducted art workshops with the aim of creating a map of Grantstown and the surrounding area. The project explored textures both in print and clay and culminated with the creation of a representational map in clay which was then inlayed in a table top. The table will become a functional part of the Daycare Centre.

There will be music during the event and refreshments are provided. Huge thanks to Lesley Jones and to all the participants.

Supported by Wexford County Council in partnership with Creative Ireland and by Grantstown Daycare Centre.
